GFPRO ECO WATERING COMPUTER BLUETOOTH® IRRIGATION PROGRAMMER

Irrigation programmer controlled via GF App to manage homegardening irrigation directly from your smartphone. Easy to use, it allows irrigation programming by connecting the device to the programmer via Bluetooth® wireless technology. Through the control panel of the GF App it is possible to:

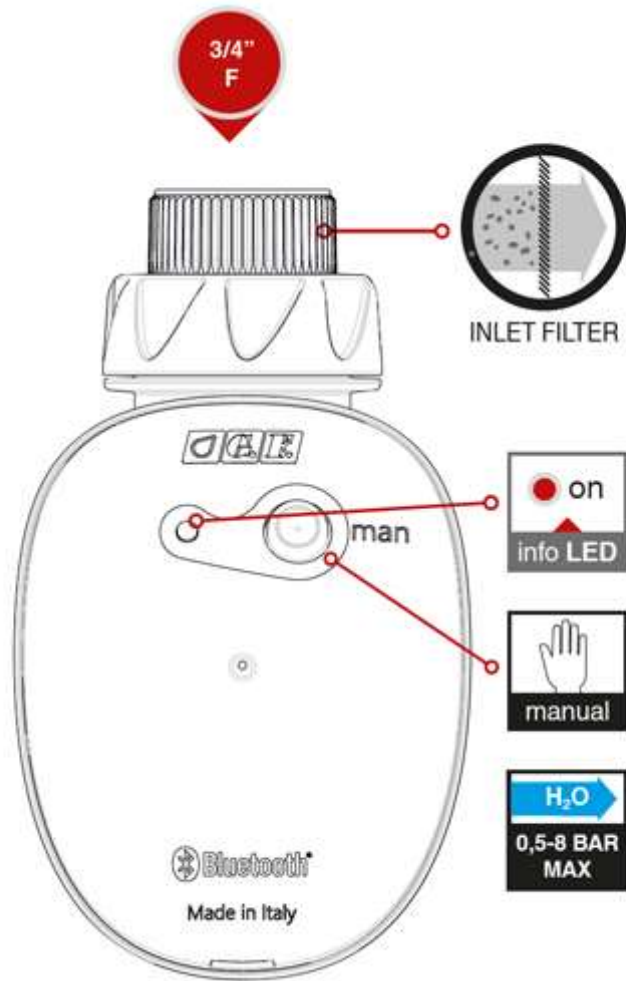

- Set predefined programs: designed for irrigation at the best times of the day, and differentiated between Surface Irrigation and Micro / Drip Irrigation
- Set the ECO function: which adjusts the duration of the programs previously set according to the current season, thus avoiding waste for a more ecological choice.
- Manually adjust the duration of the programmed irrigation: it is possible to increase or decrease the duration of the programs previously set based on forecasts of warmer or rainy weather for the next 3 days.
- Manually open or close the water flow.
- Associate with the app and manage multiple programmers at the same time

GFPRO Eco Watering Computer.

App available for iOS and Android devices.
