	PE pipe	20 mm	4251884909453
	PE pipe	25 mm	4251884909460
	PE pipe	32 mm	4251884909477

No welding, hot-melting, gluing,
or screwing.
Just snap it together. Done.

Quick and easy installation that can be done by anyone without the need
for professionals.
This saves time and labor while ensuring a waterproof, safe, and reliable
connection.

Strict quality checks

The entire process is rigorously tested according to international
standards, including the advanced American IGC188 standard.

Durability outdoors

The unique UV-resistant formula extends the lifespan of pipe
connections outdoors.

High-quality materials

The toothed ring for securing the pipe is made of stainless steel 304,
and the sealing ring is made of high-performance NBR.

No harmful substances

The elastic pipe connections effectively enhance the frost resistance
of the product.

Frost resistance

The elastic pipe connections effectively enhance the frost
resistance of the product.

Versatility

Suitable for various pipe types such as PP-R pipes, PE pipe coils,
and PVC pipes.

Safe and reliable quality

Operating temperature range from 0 to 80°C, high pressure resistance
of 10 bars, and multiple reinforcements.

Unique

The unique key design (POM)
makes disassembly more convenient

DEBURRING TOOL FOR PE PIPES

For chamfering and deburring PE pipes from 16 to 63 mm. Not suitable for PVC pipes. Up to 300 RPM. Caution: Sharp internal blade.

ARTICLE NUMBER			EAN
	PE pipe	16 mm – 63 mm	4251884910381

Overview of advantages

- Strict quality checks
- Durability outdoors
- High-quality materials
- No harmful substances
- Frost resistance
- Easy installation
- Versatility
- Safe and reliable quality
- Reusable
